Floor Spring

TESTED TO 100000 CYCLES

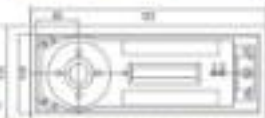

ZFS-848
Double Spring Floor Hinge

Solid Spring

Specification

- Size 1 (1.25) inch wide
- Service design - suitable for left or right hand doors
- Operates with 1/2" square and ball ends
- General hardware finish
- Heavy duty floor
- Maximum plate size 10" x 10" (254x254mm)
- Maximum door weight 150kg
- Heavy coating suitable for high salt/acid environments
- Location of set screw

TESTED TO 500000 CYCLES

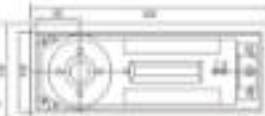

ZFS-748

Office Sliding System Set

OSL-40-A1 (Set)
Roller (x2)

OSL-40-A1-1 (Roller)
OSL-40-A2 (Slider)
OSL-40-B (Floor Base)

Specification

- Four (4) rollers (two on each side of floor channel)
- Maximum floor load: 500 kg/m² (100 psf)
- Height-adjustable glass (thickness: 10 mm)
- Secure gap-in-freezer
- Self-aligning suspension of base
- Water-tight seal for extra protection of head
- Independently removable roller to permit clearance in track and return
- Suitable for standard 12 mm glass
- Available for zero height fixing

OSL-40-A2 (Set)
Roller (x2)

OSL-40-A2-1 (Roller)
OSL-40-A2 (Slider)
OSL-40-B (Floor Base)

Specification

- Non-sliding suspension roller
- Available for up to 10mm height of floor
- Upper surface used for attachment of the floor suspension bracket and for installation of weather seal
- Self-align for glass positioning

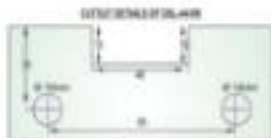

OSL-40-B (Set)
Floor Suspension Frame (x2)

OSL-40-A2-1 (Roller)

DOUBLE SIDED STRUCTURAL GLAZING TAPE

Glazing Double Side Tape

- 100% High Performance Ethyl Acrylate adhesive and butyl inner layer
- High strength glue for excellent bond stability
- High modulus adhesive strength
- Excellent adhesion
- High performance, permanent bonding

Applications

- Bonding glass to frame, panes, glass-to-glass, window, wall systems and commercial windows
- Attachment of glass and plastic to metal and aluminium panels
- Cabinet bonding, bonding

Special Features

- Easy to assemble, no drilling, bonding, welding or screw fastening
- Excellent performance under moisture and heat
- Durable and easy to apply, saves time, labour cost and provides bonding strength
- Best for bonding to a variety of substrates like metal, plastic, glass, stainless steel, aluminium and polymer surface

Adhesive	Apply
4020/4020	Apply From
3402/4020	1 (over 8.25 mm)
2402/4020	10mm
14020	10mm-15mm
4020/20	100 (with special system)

* Customized size available according to specific order

Door Closer

Masking Tape

2022S is a general purpose clear tape with high strength of adhesive, excellent for masking, painting, labeling, windowing etc. The adhesive surface is smooth and uniform with excellent bonding and peeling strength. It is fast, easy to apply and it is suitable for permanent labeling. Also it is fast for availability of stock for the nearest operations.
